Eco Luxury Resort and Wellness

Avenue Towards Self

AVEN

Avenue Towards Self

What if you could find yourself in the ownership of a piece of the hills—surrounded by an almost surreal beauty of nature, with an emperor of your own, making you the king of your own Aven kingdom?

Aven Eco Luxury & Wellness, taking place in the hills of Sreemangal, is envisioned as a top wellness resort where luxury meets the raw, breathtaking beauty of nature. A project brought to life by multiple communities from across the country, and in the process, creating a real-time, impactful community of its own.

Here, the next holiday trend is not simply about escaping—it is about retreating. Retreating your body and mind towards a stronger, more passionate, and peaceful self.

Come, take a tour of the next-generation resort—a pathway to luxury and sophistication, deeply rooted in the core of nature.
